1. Installation Guide

1. Move your downloaded pack folder to a safe location (we recommend creating a dedicated folder for samples on your Hard Drive).
2. Import any of the WAV loops or samples into your DAW, which is usually possible by dragging files and dropping them onto empty tracks or by selecting 'Import' from the 'File' menu. Please refer to your DAW's documentation for further information.
3. Use any included tail sample files by importing them into your DAW and placing immediately after the audio file of the same name, to create a smooth decay.

That's it! Further installation assistance can be found in our support section and tips and tricks can be found in our magazine.

2. Technical Info

- Acid WAVE (.wav) format for the loops & samples
- MIDI (.mid) files
- 44.1kHz (sample rate)
- 24bit (bit depth)

3. License Agreement

The contents of this download are licensed, not sold to you by ModeAudio. Ownership remains with ModeAudio. Copying, duplicating, lending or re-selling this product or its contents, in whole or in part, is strictly prohibited. This non-exclusive license is granted for a single-user only on a global basis for the full copyright protection period.

You are licensed to use the contents of this download royalty-free, granting you the right to incorporate them into your own, original music compositions, personal and commercial projects without further permission from ModeAudio.

This license is non-transferable. You cannot electronically transfer the files included in this product or place them in a time-sharing or service bureau operation, or a computer network. ModeAudio cannot be held responsible for any direct/indirect consequential loss arising from the use of this product in whatever form. ModeAudio, the owner of this product, reserves all rights.

4. Contact / Support

If you have any problems with using the sounds included in this pack then please don't hesitate to get in touch. Either fill in our contact form, or send an email to the following address:

support@modeaudio.com

Include as much information about the issue as you can - screenshots are usually very helpful. We'll almost certainly need to know which OS (e.g. Mac or Windows) you use and which DAW/piece of software you want to use the sounds with.

If you want to stay up to date with all things ModeAudio, you can sign up to our newsletter to receive free sounds, tips, news and more.

Thanks again, we hope you enjoy using the sounds as much as we enjoyed making them - come back soon!
